Experience

Enterprise Rent-A-Car Oct. 2026 – present
Management Trainee *North Bay, ON*

- Serve as first point of contact for customers in person and by phone, reviewing every detail of each **rental agreement**, including customer information, qualifications, and **rate source**, to **prevent errors** and answer questions clearly
- Inspect vehicles for damage, maintain **inventory counts** and accurate **vehicle records**, and coordinate with **auto and body shops**

The Home Depot Canada Dec. 2022 – Oct. 2026
Sales Associate II, Tool Rental & Flooring *North Bay, ON*

- Promoted from Lot Associate to Sales Associate II after nearly **4 years** of customer-facing work, covering two departments and collaborating with teammates to resolve customer issues
- Diagnosed and repaired rental equipment, and explained product options and procedures to customers of all experience levels

Nipissing University May – Aug. 2023, 2024, 2025
Research Assistant & Web Developer *North Bay, ON*

- Built and configured a **WordPress** site with **Tailwind CSS** and a **relational data model** in **Advanced Custom Fields**, working with **University Technology Services** on hosting and compliance
- Wrote the **user manual** and **technical documentation**, set up **self-serve** workflows on a campus workstation, trained non-technical staff, and **troubleshot** site issues across **3 separate summer contracts**

Independent Venture

Norlease | northlease.ca Aug. 2026 – present
Founder, alongside full-time work *North Bay, ON*

- Run a live **SaaS** application (**Next.js**, **TypeScript**, **PostgreSQL**) and onboarded about **20 landlords** in person, guiding each through setup and answering product questions
- Own production **monitoring**, **alerting**, and **on-call** response, using **GitHub Actions** alerts, **Docker** deployments on **Coolify**, and application logs for **root cause analysis**
- Secured **RESTful API** integrations for SMS, email, and authentication with **signed webhooks**, **HMAC** verification, **Cloudflare Turnstile**, and **rate limiting**; trained a co-founder on the **CI/CD** workflow

Projects

Honours Research: Multimodal Video Understanding Platform | AI-Video-Analyzer Jan. – Apr. 2026

- Built a **FastAPI** backend and a pipeline of **8 models**, including **YOLOv8**, **SAM2**, and **Whisper large-v3**, to turn uploaded video into a written summary
- Configured and deployed the GPU worker on **AWS EC2** with **Docker** and **ECR**, using **SQS**, **S3**, and **DynamoDB**, and cut cloud spend by stopping the instance when idle

Leadership

Nipissing University 2022 – 2025
Computer Science Student Representative *North Bay, ON*

- Served as the elected link between students and the Dean for **3 years**, and organized **hackathons, seminars, and workshops**

Education & Certifications

Nipissing University May 2026
Honours Bachelor of Computer Science, GPA: 3.7/4.0 *North Bay, ON*
